*Our vision: Introducing People to Jesus, Growing as Disciples Together*

February 3, 2020

Members and Friends of St. John UMC,

The Leadership Team at St. John is beginning the process of developing a long-range strategic plan of ministry for the church. It is our goal to develop a plan of ministry that will enhance our ability to fulfill the vision of St. John to "Introduce People to Jesus" and "Grow as Disciples, Together".

The most important piece of developing a long-range strategic plan is recognizing where you are. In other words, we need to clearly define our starting place in order to evaluate, tweak, and create ministries that will help us achieve our vision. We need your help in determining our starting place.

Over the course of the next several weeks, you will have an opportunity to help us assess and determine our starting place by completing the enclosed survey. These surveys are anonymous and will give the Leadership Team valuable information regarding worship, your spiritual needs, our outreach to the community and your ideas concerning how we might achieve our vision for the church. Soon after reviewing the surveys the Leadership Team will facilitate several focus groups to hear more about your thoughts regarding the ministries of St. John and possible new ministries that will help us move toward achieving our vision.

Please give yourself some time to think through each of the following questions on the survey and answer them honestly. Again, your survey is anonymous.

After completing your survey, you can leave them in the basket at the welcome desk. The deadline for completing the survey is February 23, 2020. **If you need additional surveys, you can print them from the link on our website [www.sjumcww.org](http://www.sjumcww.org).**

Thank you ahead of time for helping us assess our starting place as we begin the process of developing a long-range strategic plan of ministry for St. John.

Blessings,

St. John Administrative Board
